

EMPLOYMENT & LABOR BREAKFAST SEMINAR

Recent legislation, developing case law and agency enforcement initiatives have introduced new challenges for Connecticut employers.

Please join **Cohen and Wolf attorneys** at this complimentary breakfast seminar to learn more about some of these developments and how they may affect your workplace. Topics will include:

- **Keeping Up With CT's Personnel File Statute**
Important changes to the requirements imposed by Connecticut's Personnel File Statute went into effect on October 1st. Make sure you are familiar with these new obligations.
- **Independent Contractor or Employee?**
Understanding the difference – under both state and federal laws – can protect you from substantial fines, penalties and other obligations.
- **Avoiding Discrimination Under the CT Fair Employment Practices Act**
All employers with 3 or more employees are subject to Connecticut's anti-discrimination laws. This update will clarify which classes are protected – and which are not – under applicable state and federal law.
