

Creating Colorful Illusions at the Beardsley Zoo

07.19.2019

Attorneys from Cohen and Wolf P.C. helped children create “colorful illusions” during the Beardsley Zoo’s First Annual Kids Week. During the course of the week, children visiting the Zoo had the opportunity to participate in dozens of hands-on educational activities. As a Program Sponsor, Cohen and Wolf attorneys and summer associates traded in their legal skills to become scientists for the day, enjoying fun and learning with zoo visitors.
