

Cohen and Wolf Attorneys Mentor Students at Quinnipiac University School of Law

01.03.2019

BRIDGEPORT, CT - Cohen and Wolf attorneys, David Zabel, Courtney George and Tatiana DaSilva participated as guest faculty members at Quinnipiac University School of Law's "Gateway to Practice" program for first year law students. The program offered students hands-on experience with practicing attorneys. Students were assigned short research projects followed by oral presentations designed to simulate real-life associate lawyer assignments. The program's goal was to help new law students gain a better appreciation of how lawyers use law and legal analysis skills in the everyday practice of law, and to prepare students for internships and future employment.
